Cllr. Lambert joined the meeting. He gave apologies for his late attendance; this was acknowledged.

AM2105.03 DEVELOPMENT AT PLAYGROUNDS

- .01 Members considered matters relating to possible acceptance of the playground equipment offered by Bishopsteignton School. For a contractor to move this would be in the region of £2-3k, depending on necessary groundworks at both locations and any repairs to ensure the equipment will be meeting safety standards once relocated and statutory obligation of the Parish Council. All members felt the equipment should be used at the Cockhaven close site rather than The Lawns. Careful project management may be required, so the installation does not interfere with the

approved drainage works.

It was proposed by Cllr. Benham, seconded by Cllr. Merritt, to gratefully accept equipment offered, subject to suitable timings for removal and installation alongside other works and any deadline imposed by the school. Agreed unanimously therefore **RESOLVED**.

- .02 Members considered the helpful thoughts and suggestions shared by members of the public. A skate park was considered as the provision in Teignmouth is always very popular and busy however members felt it might not be suitable for a small rural location such as Bishopsteignton. It was agreed both playgrounds could be assessed, and development considered but that further research and options from suppliers is required. Clerk to liaise with suppliers for ideas offering £10k, £20k & £30k budget options and that this provides a fair range of equipment between the ages of 4 and 12.

AM2105.04 WAR MEMORIAL – PRESERVATION ENHANCEMENTS

A quotation had not been seen by all members; it was agreed to defer until this has been shared to all. It was noted the grant funding was no longer available and no budget had been allocated for this work to be carried out using the current years precept. The project might need to be deferred with costing reviewed before setting the councils budget and precept claim for 2022/23. Clerk to circulate quote.

AM2105.05 ADDITIONAL FENCING AT THE LAWNS PLAYGROUND

Referring to a motion made at the last committee meeting, to seek quotes for a new fence at the Lawns playground, the Chairman questioned the need for this fence following a site visit conducted with Cllrs. Lambert, Merritt & Shaw.

The clerk reminded that the matter was originally raised and quote sought in 2017 following a successful compensation claim from a family whose child had tripped and broken her arm. This accident was due to the trip hazards caused by dry cracked land, made worse by the burrowing of voles. The clerk advised if members felt fencing was not the ideal solution, they should at least consider an alternative to eliminate the risks.

It was proposed by Cllr. Gateshill, seconded by Cllr. Lambert, to rescind the motion and that no further consideration be given for the installation of fencing. Alternative solutions to be discussed in future including filling cracked ground with soil. Agreed unanimously therefore **RESOLVED**.

THE CHAIRMAN CLOSED THE MEETING AT 8.19PM
